Please carefully review the following technical instructions to ensure a smooth and enjoyable race experience.

Announcement of Cyprus Backyard Ultra 2027

On Saturday, March 20, 2027, at 10:00 am in Voroklini, Larnaca, it will take place the 4th Cyprus Backyard Ultra adhering to all regulations of Backyard Ultra races.

This running challenge entails completing a 6,706-meter or 4.167-mile loop within one hour, repeated hourly. It's a test of endurance rather than speed, requiring strategic pacing and fueling.

Runners who fail to complete the loop in time, reach the starting corral for the next lap, or choose to drop out surrender their bib numbers [DNF].

Those finishing early can use the remaining time as desired [rest, replenishment, etc.] until the next cycle begins, with each hour signaling a new start for timely finishers.

The race continues until a single runner remains, crowned the ultimate victor.

Embrace the challenge and surpass your limits... for another lap!

Race Format:

- Runners start together and complete the loop within an hour.
- If they finish before the hour, they wait at the start line for the next loop.
- No breaks or outside assistance allowed except between loops.
- As the race progresses, the loop becomes mentally and physically challenging.
- The true test lies in pacing, recovery, and mental resilience.

A single-elimination endurance event with no set finish line, runners complete a designated loop of 6.706 meters every hour. The last runner standing after everyone else Did Not Finish (DNF) wins!
